“FLEET PERSPECTIVE”

15 MARCH 200

AGENDA

- **Fleet Priorities**
- **ASDOF**
- **Conference Challenges**

TODAY'S REALITIES

- Reduced Budgets
- Reduced Manning
- Reduced Inventories Ashore/Afloat
 - Increased Reliance on Transportation
- Reduced Maintenance Opportunities

“In the end, we've got to fly the hours, steam the days, do the maintenance, and take care of our

FLEET PRIORITIES

- **Manning**
 - Retention/Recruiting
 - “Quality of Service”
- **Readiness**
 - Spares
 - Maintenance

MANNING

- **LANTFLT/PACFLT Short 11,100 Sailors**
 - **58% GENDETS**
- **First Term Retention...30%**
- **What are we doing?**
 - **Pay**
 - **IDTC workload reduction**
 - **60% fewer days onboard for supply inspections/assists**
 - **Addressing “Quality of Service”**
 - **Parts, Training, Time and Tools...to do their jobs right**

READINESS FUNDING

- **Key shortfalls**
 - Ship OPS...\$77M
 - Ship Maintenance...\$304M
 - Outfitting accounts
 - NMCI
- **Living on readiness supplementals**

READINESS

Spares

- **How have we coped?**
 - RAM/CRAMSI - .5 FLSIP
 - MTIS - MOVs
 - Redistribution of assets - Carcass tracking
- **Good management of resources, but the well is running dry**
- **Results...**
 - Maintaining deployed readiness... sometimes to the detriment of non-deployed

READINESS Maintenance

- CASREP trend is increasing
- Number of open CASREPs up 21% in CY99
 - Parts related up 12%
 - Non-parts related up 29%
- CINC concern: IDTC ramp-up too steep...need to “shift to the left”
- Fleets keying on “Top 5 Degraders”
